party have been traveling in the in-

tral America and a portion of South America. During their absence the members of the expedition braved many perils and suffered much hardship and sickness, contracted in the fever infected land through which they traveled. Practically the entire journey from Provo, Utah, to Bogota, Colombia, was made with mules as the only means of transportation. Bogota was the terminus of the expedition, the unsettled condition of affairs in that country rendering further exploration extremely dangerous. The work of the party will be resumed as soon as conditions in Colombia become more settled.

Cumberland, Md., Feb. 7-At 2 o'clock this morning the farm house of William P. Robertson, about twenty-nine

gone for the children, who were astrop in another room, and they were com-pelled to jump from a second-story window, dressed only in their night-clothes, in order to save their own The purents made several futile at The parents made several futile altempts to reach their children, but were driven back by the flames, and after the fire had subsided somewhat they were almost frozen before aid came from the neighbors. Robertson says the hearth fire was well cavered, and that the fire, which started from

the lower floor, must have been of in-IMPENDING WEATHER.
